TTAP Motor Vehicle Injury Prevention Training - November 12-15, 2019

☐ NOV 12 | 8:30 - 4:30 “PRIORITIZING MVIP INTERVENTIONS” Ramada 212 W Osborn Rd Phoenix, AZ 85013
Prioritizing MVIP Interventions is a 1-day class that provides the resources and strategies to build a motor vehicle injury prevention program. This class is customizable to the Tribe’s needs to prioritize motor vehicle injury prevention interventions. Modules are designed to meet Tribes at their current level of injury prevention programming. Using the public health approach, participants will be able to define the problems their community want to address, identify risk factors, create prevention strategies to address the problem and implement an evaluative process. Participants will gain practical experience through presentation, discussion and hands-on exercise for prioritizing motor vehicle injury prevention and the public health approach.

☐ NOV 13 | 8:30 - 4:30 “STRATEGIES TO INCREASE RESTRAINT USE” Ramada 212 W Osborn Rd Phoenix, AZ 85013
The Strategies to Increase Restraint Use is a 1-day class that provides certified National Child Passenger Safety Technicians and Instructors new strategies to increase seat belts and child safety seat restrain use. Learn new technology and strategies to change outcomes in your community. Child Passenger Safety Recertification seat sign off will be available for all technician needing to recertify. Keep certified technicians current and up to date is a great strategy to increase restraint use.

☐ NOV 14 | 8:30 - 4:30 “SAFE NATIVE AMERICAN PASSENGERS” Hilton Garden Inn 4000 N Central Ave, Phoenix, AZ 85012
Safe Native American Passengers (SNAP) training was developed by the Indian Health Service. (IHS) Injury Prevention Program to provide safer transportation for Native American children in tribal communities. Participants will gain practical experience through a variety of presentations and hands-on exercises related to vehicle seat belt systems, various types of child restraints (car seats), and the misuse of child restraints. SNAP class does not offer certification and does not replace or serve as a substitute for the 32 hour National Standardized Child Passenger Safety Technician Training Program course offered by Safe Kids Worldwide. Participants who complete this SNAP curriculum will be eligible to receive professional developments (PDs) from the Indian Health Service.

☐ NOV 15 | 8:30 - 12:00 “HOW TO CONDUCT A CAR SEAT CHECKPOINT” Hilton Garden Inn 4000 N Central Ave, Phoenix, AZ 85012
How to Conduct a Car Seat Checkpoint training module is a 3.5-hour class that provides a basic introduction on how to conduct a car seat checkpoint. Students will gain practical knowledge through presentation and class discussion related to event and program planning, CPS roles and goals, event marketing and partnership building.

☐ NOV 15 | 1:00 - 4:30 “ALCOHOL AND INJURIES IN INDIAN COUNTRY” Hilton Garden Inn 4000 N Central Ave, Phoenix, AZ 85012
Alcohol and Injuries in Indian Country is a 3.5 – hour course that provides intervention strategies; using the public health approach to reduce drinking and driving. Learn about the relationship of alcohol and motor vehicle crashes and gain knowledge on multi-disciplined approaches and evidence -based strategies to reduce impaired driving in your community. This course will address that alcohol related crashes are not just a law enforcement problem, but a community problem that affects everyone.
